

11th International Conference on Hard and Electromagnetic Probes of High-Energy Nuclear Collisions

Donnerstag, 30. März 2023

Plenary Session VI - Cranach-Saal (14:00 - 16:05)

-Vorsitzende der Sitzung: Magdalena Djordjevic

time	[id] title	presenter
14:00	[338] UPCs as probes of partonic structure –exclusive and inclusive processes	GUZEY, Vadim
14:25	[339] Hadronization mechanism (via heavy-flavor hadrons): Experiment	ROSSI, Andrea
14:45	[340] Hadronization mechanism (via heavy-flavor hadrons): Theory	BERAUDO, Andrea
15:05	[341] Panel discussion: Heavy-flavor production and propagation in QGP - recent achievements and challenges for the next decade	VERWEIJ, Marta Dr. RAPP, Ralf WIEDEMANN, Urs Achim
