- Taxi: cabs will sometimes be available outside the main station, otherwise you can easily get the “taxi.eu” app to order one. ([iOS](#) android: [Android](#))

## Things To Do and See:

- **Prinzipalmarkt/Rathaus:** The heart of Münster’s old town, and very close to the conference location. Find more information [here](#)

### How-To: from main station to the conference:

English Seminar: Johannisstraße 12-20, 48143 Münster

When you arrive at the main station, take the exist to Berliner Platz/ City Centre. From there you can either get a bus, or any of the means of transportation mentioned above really. However, we recommend going by foot if its possible. If you take the route using Windthorststraße (here in blue) you will not only walk past a stretch of the promenade, but it will also lead through a part of downtown Münster, so you will already get to see the city!

As you can see above we are right in the city centre, so everything important can be reached by foot within a radius of 15-20 minutes.

About the bikes: when walking on the sidewalk, make sure to only walk on the grey part, the red one is for the bikes and they WILL be mad at you if you're in the way. Also, when renting a bike and cycling through the city, make sure to stay in the right side of the road or when driving on the sidewalk. The bike cops are vicious and practically everywhere.

We hope this gives you a good overview about what to do in the area to get the most out of your stay. If you need anything else, please ask! (People from Münster *love* talking about Münster)
