

## Programm der Sitzung

20.-25. Sept. 2026

EUROPEAN  
PALAEOBOTANY AND  
PALYNOLOGY CONFERENCE  
MÜNSTER

## European Palaeobotany and Palynology Conference 2026

### ***Whole-plant-taxa and whole-plant reconstruction***

Münster  
Fürstenberghaus, Domplatz 20-22, 48143 Münster

# Mi., 23. September

09:00

## Whole-plant-taxa and whole-plant reconstruction

**Sitzung** | **Ort:** Fürstenberghaus, Auditorium F5 | **Vorsitzender:** Christian Pott

09:00–09:15 Uhr

**Insights into the canopy of the iconic *\*Lepidodendron aculeatum\**, based on new and articulate fossils from the Bashkirian (Upper Carboniferous) of Hagen-Vorhalle, Germany**

**Sprecher**

Christian Pott

09:15–09:30 Uhr

**Whole-Plant Reconstruction of *Eoangiopteris congestus* (Marattiales, Psaroniaceae) from Permian “vegetational Pompeii”**

**Sprecher**

Wenjun Sun

09:30–09:45 Uhr

**Whole-plant reconstruction of *Sigillaria* from the earliest Permian peat-forming flora, Wuda Coalfield, Inner Mongolia, China**

**Sprecher**

Jun Wang

09:45–10:00 Uhr

**Whole-plant reconstruction of *Pagiophyllum maculosum* (Cheirolepidiaceae) from the Early Jurassic of China: Insights from new fossil material**

**Sprecher**

Yongdong Wang

10:00–10:15 Uhr

**Articulate plant fossils from the Tochikubo Formation, Fukushima, Japan, enable new whole-plant restorations of East Asian Upper Jurassic bennettite vegetation**

**Sprecher**

Hideo Takimoto

10:15–10:30 Uhr

**Early evolution of *Metasequoia*: Anatomy and affinity of the oldest permineralized ovulate cone from Upper Cretaceous of northeast Japan**

**Sprecher**

Koki Iida

10:30
