

Programm der Sitzung

20.-25. Sept. 2026

EUROPEAN
PALAEOBOTANY AND
PALYNOLOGY CONFERENCE
MÜNSTER

European Palaeobotany and Palynology Conference 2026

***From the Danian to the Anthropocene:
Cenozoic palaeobotany and palynology***

Münster
Fürstenberghaus, Domplatz 20-22, 48143 Münster

Mo., 21. September

14:00

From the Danian to the Anthropocene: Cenozoic palaeobotany and palynology

Sitzung | **Ort:** Fürstenberghaus, Auditorium F1

14:00–14:15 Uhr

A new genus of fruits of Spondioideae, Anacardiaceae, from the Eocene of Southeastern North America

Sprecher

Paul Grote

14:15–14:30 Uhr

A unique carpoflora from the early Late Miocene hominid locality Hammerschmiede (Bavaria): taphonomic insights from EDX and organic petrography in a fluvial setting

Sprecher

Florian Ludwig

14:30–14:45 Uhr

Systematic Revision of the Dreveník Macroflora (Eastern Slovakia): Insights into Floral Changes Across the Late Pliocene-Early Pleistocene Transition

Sprecher

Ondřej Sobek

14:45–15:00 Uhr

Late Pleistocene-Holocene Climate-Vegetation Dynamics and Human Impact Along Altitudinal Gradient in the Western Himalaya

Sprecher

Nidhi Tomar

15:00–15:15 Uhr

Notes on Quaternary pollen identification for Quercus subgenus Cerris towards improving paleoecological interpretation

Sprecher

Limi Mao

15:15–15:30 Uhr

Lessons from the fossil record on the success of Pinus in the Iberian landscape

Sprecher

Ignacio García-Amorena

15:30

16:00

From the Danian to the Anthropocene: Cenozoic palaeobotany and palynology

Sitzung | **Ort:** Fürstenberghaus, Auditorium F1

16:00–16:15 Uhr

Holocene Environmental Changes in the Lake Srebarna and the Adjacent Region (NE Bulgaria): An Overview of Vegetation History and Climate Dynamics

Sprecher

Dimiter Ivanov

16:15–16:30 Uhr

A new Holocene pollen record from a peatland system in northern South Africa

Sprecher

Frank Harald Neumann

16:30–16:45 Uhr

Holocene Palaeoenvironmental Reconstruction from Mashishing Fen, Mpumalanga, Northeastern South Africa

Sprecher

Frank Harald Neumann

16:45–17:00 Uhr

Socio-environmental interactions in NE Germany during the Late Bronze Age

Sprecher

Khadijeh Alinezhad

17:00–17:15 Uhr

Mountainous Vegetation Dynamics and Human Impact in Peloponnese over the last millennium: A High-Resolution Pollen Record from Rakita Wetland

Sprecher

Grammatiki Vasileiadi

17:15
