

Universität
Münster

2nd Münster REPRODUCTION GAMES

Main Event:
25 Sep 2026

Institutes for Applied
& Theoretical Physics

Virtual Pre-Games:
11 Sep, 3 to 4 pm

Register until:
28 Aug 2026

HANDS-ON

Join a team of 3–5 researchers matched by shared interests to reproduce a top-journal study. Graduate students collaborate with experienced researchers to exchange expertise.

SKILLS

Refine your coding, data management, and sensitivity analysis skills in a supportive environment.

NETWORKING

Connect with researchers from Münster and beyond, and grow your network.

IMPACT

Participants will get the opportunity to have their reproducibility reports published on the MÜCOS Zenodo community or submitted to a high-quality replication journal. Depending on the topic (*), they may also become co-authors of a meta-paper.
